Forecast for Sunday 02 May 2021

Weather: Many ranges dry overnight with clear periods and a frost in the glens. Mainly dry start to Sunday with some sunshine and just a few showers. Showers will become more frequent in the afternoon, dying away early in the evening. The showers of snow above about 700m and some hail possible at lower levels.

Chance of cloud free mountain/hill tops above 800m: 70%

Visibility: Away from showers the visibility will be very good with the air having great clarity. However there will be temporary reductions to poor visibility as wintry showers pass by. Clouds will become extensive about 700m in association with the showers, otherwise above many of the tops.
